About us

We are a team of engineers, designers and technicians with shared values and goals to create and achieve individual results in the construction and decoration but also together for one. The customer!

The "ec" is a means of communication that you would expect to symbolize reliability, consistency and confidence. It is the inviolable rules that guide our habits, our behavior and our attitude in any transaction related to our professional activities.

The central role of "ec" is to create and transform residential and business areas where you experience a pleasant and memorable experience. Uncompromising belief is that together we can achieve results in any case we can not achieve alone.

It symbolizes

“e” symbolizes:

- **Esthetic Environment**

“c” symbolizes:

- **Character with Integrity**
- **Creation**
- **Competence**
- **Commitment**
- **Cost**

It guarantees

“ ec” guarantees:

- **We’ll deal with uniqueness**
- **You’ll receive high quality work and services**
- **You’ll save time and money**

WE create twice:

1st ---> Imaginary

2nd ---> Actually

Imaginary creation

Imaginary creation is more than a high quality 3D image.

Is the creation of a beautiful dream and the realization of satisfied until everyone involved that would achieve through a disciplined and enjoyable process.

It allows us to turn a stressful chore into a beautiful adventure, so when we get to the start of implementation, we have enjoyed the trip in a friendly environment and confirm that we got where we wanted to target.

The 3 stages of the project

1. Imaginary creation

- where do we start
- what we promise
- what we imagine
- how and when will it happen
- how much will it cost

2. Implementation

- “ec” guarantees the inviolable values of
- High performance team with knowledge, skills, integer nature and ingenuity spirit
- Clarifying expectations and commitment for everyone involved
- Leadership and organization of work

3. The moment of truth

- Solved problems?
- Did the customer experience happy moments during the cooperation?
- Did we exceeded customer expectations?
- Did we created a high quality environment?
- Does customer enjoys life better in the new environment?
